

Dear Friends;

We need your help!

Jason Condit is a seven year old little boy who needs your help! In September, Jason went to the nurse in school because he had a stomach ache. The school nurse called his mother, Lois, and asked her to come to school and pick him up. Lois took Jason to their family doctor. The doctor felt something when he examined Jason and the testing began. The test results were devastating-Jason has stage 4 cancer in 3 parts of his little body: a malignant tumor on his kidney, cancer in his spine and bone marrow. Jason’s parents, Bill & Lois Condit, are living a Parent’s Worst Nightmare. For 5 months Jason has spent much of his life in the hospital and on chemotherapy. Now Jason is awaiting his first operation.

For many years Bill & Lois have been the smiling faces we see at our local Dairy Queen. Perhaps you know them? They have always been generous to all our town functions and organizations. They Never say no! Now their son Jason needs our help! Unfortunately, we can’t change Jason’s diagnosis and we can’t mend the family’s broken hearts...but we can help them with their bills. This first operation that Jason awaits is only the first of many.

WE ASK THAT YOU LOOK DEEP INTO YOUR HEARTS. Most of us are parents, grandparents, aunts and uncles and we certainly can understand the deep pain of this family. Please help us to help them...Be one of “JASON’S FRIENDS”.

Very Truly Yours,

THE COMMITTEE FOR JASON’S FRIENDS:
